

CSHRC Training Day Saturday May 6

We are going to have an open training day at the Buckeye Irrigation District ponds this coming Saturday, May 6, from 0730am-10:00am, or so.

It will be a fairly informal affair. Randy Hutson will set up a multi station test type scenario, but you will be free to break out individually or in small groups and work on individual drills.

Have fun! I hope to see you guys next time around.

Randy Hutson thanks for taking the lead on this one!

Regards,

Mike Wilson, President
